Product Safety Information Candidate-List of SVHC-Substances according to Annex XIV Regulation (EC) No 1907/2006 REACH

Dear Madam or Sir,

In our production of Granula masterbatch and compounds SVHC substances according to above mentioned regulation are not used wether as additives nor as active ingredient. Maximum allowed concentrations > 0.1 % (w/w) are met.

This document was created electronically and is valid without signature.

Any information given on the chemical and physical characteristics of our products, including technical advice on applications whether verbally, in writing or by testing the product, is given to the best of our knowledge. It does not exempt the buyer from carrying out his own investigations and tests in order to ascertain the products' specific suitability for the purpose intended.

The buyer is solely responsible for the application, utilisation and processing of the products and must observe the laws and government regulations and the consequential rights of any third party. At all times our Conditions of Sale apply.

This confirmation expires after 12 months from the date of issue or in case of regulatory changes.

Please ask for a new confirmation if needed.
